

Wedding Package

~ **OVER 150** GUESTS ~

Our marquees can be linked to provide any length x 12 metre width, so if you are planning a larger wedding we can accommodate almost any number of guests. We are careful to obtain all the relevant local council permits and permissions on your behalf which is crucial to the success of a larger event. We are also able to provide you with insurance for total peace of mind.

Your event will still have all the flexibility of a smaller occasion with our wide choice of props and accessories able to personalise any space, no matter how big. We are able to give you a great choice of lighting, seating, flooring and more, all within the same price. We have no hidden costs and the most simple pricing structure to avoid any unnecessary complications.

Please note: We include Building Consent costs in all of our packages. This is a legal requirement for all temporary structures (marquees) over 100 mtr² in New Zealand. All of our marquees have been made in New Zealand to the highest standard of fire proof, waterproof and wind resistance. We are happy to send you through relevant documentation at your request.
